Set-up

1. Assemble three piece bungee pole
2. Secure pole(s) in the base of stand
3. Gently lean the unit back and pull the graphic up by the top rail
4. Leveling feet located under unit

Graphic to top rail attachment (metal attachment)

1. Loosen each screw from the rail using provided allen key and remove metal insert (do not remove screws)
2. Peel film to expose adhesive; place metal insert from graphic rail on top back side of the graphic point
3. Press down on the metal insert to make sure adhesive is secure on graphic
4. Insert the metal insert with graphic attached into the top graphic profile rail

Quick slide top rail attachment (plastic insert)

1. Remove top slider from graphic rail
2. Remove film to expose adhesive on top slider
3. Align and apply to top slider on the top front of graphic
4. tighten the screws back in place to hold metal insert and graphic with alien key
1. Line the bottom of the back of graphic print with adhesive tape on white leader strip.
2. Once aligned pull adhesive tape slowly while applying pressure to graphic to adhere tape.
3. Place in additional masking tape to the back of the graphic for extra protection.
4. Remove pin while holding onto the graphic so the graphic does not retract back in quickly.
5. Slowly retract the graphic back into the base.
